Subject: Bay-Delta "Baseline"

Content-Length: 671

Status:

You are all aware of the discussions that have been taking place
surrounding the issue of defining a baseline for the Bay-Delta.

Initially I

prepared a draft letter to Roger Patterson based on comments from
ClubFed representatives and DWR. As a result of the discussions
taking

place I have been asked to convene a group in an effort to better
define

the baseline as it applies to operational conditions and long-term
planning

conditions. Goal is to report to the CalFed Management Group on
September 25.

After some contacts and feedback the first meeting is scheduled for
Thursday, September 12, 9:30AM - 12:00N, 3310 El Camino Ave, Room 317.
